

Mercedes-Benz Restoration Clinic!!

See the difference between reality TV and real restorations!

Join us on **Saturday, March 25th from 1:00-4:00** for an up-close look at the restoration process with a special focus on the necessary research prior to beginning the restoration.

Our host, **Jim Capaldi**, established Capaldi Enterprises in 1989. Jim and his 7 staff members are involved in all phases of restoration except for upholstery and chrome plating. Among the automobiles that we will see in various stages of restoration are:

- 1955 Mercedes-Benz 300 4-door convertible that is in original condition. Should it be preserved or restored?? That will be one of our discussion topics
- 1930s Delahaye with ash wood frame and a Pennock body from the Netherlands
- 1932 Lincoln with an aluminum Dietrich body
- 1934 Lincolns with LeBaron bodies—a dual-cowl phaeton and a boattail speedster
- John Wolf, nationally known instrumentation specialist, has his shop in the same building and we will be able to draw upon his expertise as well.

Our clinic is hosted by **Capaldi Enterprises** (36420 Biltmore Place, Willoughby 44094)

Registration is \$10 per person and includes light refreshments

Questions?? Contact Ted Gottfried at (330) 554-9694 or tbgfried@yahoo.com

.....

Sure, I'll be part of the fun – sign me up!

Name: _____

Phone: (_____) _____

Email: _____ # attending x \$10 = \$ _____

Please enclose a check for \$10.00 per person made out to *MBCA, Western Reserve*, and send to:

Ted Gottfried, 35 S Hayden Pkwy., Hudson, OH 44236.
